

System Requirements for attending LVC

If you are attending the Class for the first time, **you must log in to our learning management system 30 minutes** prior to the scheduled time to complete your set up process. This is to ensure that you have the requisite software and any other technical problems are sorted before the class.

Other system requirements:

1. Internet Explorer 6 or higher
2. Java script and cookies enabled
3. Recommended Active X to be installed
4. Processor: Intel or AMD processor - 1 GHz or faster
5. RAM: At least 512 MB (2GB for Vista's user)
6. Internet speed: At least 256 Kbps

How to log in to the Session?

1. Login to Learning Management System
2. Select the Module for which you want to attend
3. Check the "Upcoming Events" menu on the Right side. (See the screen shots below for explanation)
